Dear Mr Al-Khwildi,

It is my great pleasure to officially welcome the Iraqi Association for Information & Communication Technology to the ITU family as an ITU-D Sector Member.

As the United Nations specialized agency for information and communication technologies, ITU's global membership brings together 194 Member States as well as over 1,000 companies, universities, and international and regional organizations. In doing so, ITU provides a unique, trusted, and global multi-stakeholder platform for partners from the public and private sectors to address major ICT issues.

The Telecommunication Development Bureau will advise your team on the practical aspects of this participation.

I am certain that your team will find great value in being part of ITU, and I look forward to a long and prosperous relationship.

Yours sincerely,
